Portfolio <https://skwldwld.github.io/portfolio/>

I am a proactive and sincere individual with strong interpersonal skills and the ability to build positive relationships within a team.
I actively communicate and cooperate with my team members and respect others' opinions.
Even when I worked part-time, I was never late or absent without permission, which led to multiple requests to extend my contracts
Although it may sometimes be challenging overseas, I am confident that I can adapt well with my sincerity and positive energy.
